INDEX TO VOLUME XVI
1934

SUBJECTS

A comparison of statistical time series for butter production and market receipts, 138
A long range view of agricultural policy, 13
A statistical analysis of farm accounts, 613
Adjustment in relation to extension work, 689
Administrative use of agricultural census and intercensal data, 444
Agricultural Adjustment Administration, Program planning division, 582
Agricultural adjustment program, 88
Agricultural adjustment, marketing agreements, 99
Agricultural adjustment, some sociological implications, 504
Agricultural credit, branch banking and, 219
Agricultural economics extension and the adjustment administration, 694
Agricultural statistics, needed changes, 471
Agricultural statistics viewed in the light of a changing program, 459
Analysis of rural social organization among French-speaking people of southern Louisiana, 680
Annual Meeting, reports of, 173
Appraisal, land, 602
Appraisals, report on standards of, 515

Basis for farm inventory values for farm organization and efficiency studies, 719
Bibliography of agricultural economic literature, 725
Books received, 152, 341, 544, 727
Book reviews, 153, 342, 545, 728
Branch banking and agricultural credit, 219
Bounty and processing tax on wheat in Hungary, 387
Business cycle and size of farm, 712
Butter, comparison of production and market receipts, 138

California agricultural prorate act, 624
Census, agricultural, 451
Coming agricultural census enumerations, The, 451
Comparison of statistical time series for butter production and market receipts, A, 138
Competitive position of the Chicago market in the region of grain supply, 637
Consumer grades and standards, 248
Cotton, grade and staple reports, 329
County consolidation in Colorado, 535
Course of outlook extension, The, 705

Demand curve, effect of population increase on, 535

Economic effects of back-to-the-land movement in marginal farming areas in Southern Indiana, 710
Economic readjustments in the dairy area in Delaware, 723
Economic research in relation to land use, 304
Effect of adjustment in stocks reports upon estimates of annual consumption of burley tobacco, 716
Effect of an increase in population on the shape of the demand curve, 535
Effect of feed-egg ratio on numbers of young chickens in farm flocks on June 1, 338
Extension work in marketing in periods of price maladjustment, 698

Factors related to farm tenancy in North Carolina, 714
Farm accounts, a statistical analysis of, 613
Farm credit policy problems, 45
Farm credit, program of administration, 30
Farm debt adjustments, 293
Farm debt legislation, 287
Farm income estimates, seasonal variation, 525
Farm taxation research, 115
Farmer and social discipline, The, 1
Fellowships, social science, 496
Foreclosures of farm mortgages, 276
Futures trading and price fluctuations, 481

Germany adopts new land ownership law, 326
Grades and standards, 248
Grades of wheat purchased from farmers' elevators in Oklahoma, 136
Grain, competitive position of Chicago market, 637

Handling delinquent farm mortgages without foreclosure, 276
History of farm debt adjustments, 293
Hog prices and election years, 145
Hungary, wheat bounty and processing tax, 387

Incidence of the cost of the AAA corn-hog program, 417
Inflation and the farmer, 410
Influence of recent and pending developments on rural life and culture, 265
International aspects of the agricultural adjustment program, 365

Land appraisal, 291
Land appraisal problem, 602
Land classification as a basis for land use planning, 431
Land ownership law in Germany, 326
Land program, government in, 45
Land use research, 304
Land utilization research, 298
Land zoning and public finance, 119
Legislative approaches to farm debt problems, 287
Long range view of agricultural policy, A, 13

Margins in marketing, 233
Market, competitive position of Chicago, in grain supply, 637
Marketing agreements under the agricultural adjustment administration, 99
Marketing extension work, 698
Marketing, margins, 233
Marketing research, 255
Masters' theses in agricultural economics, 1932-33, 184
Measurement of average differences between paired observations on staple-length of cotton samples, 534
Method of determining size of sample for cotton grade and staple reports, 329
Mortgages, farm, 276

New Chinese agricultural statistics, 321
New German inheritance law for agriculture, The, 149
News Items, 168, 359, 560, 744
Notes, 136, 321, 525, 710

Ottawa trade agreements, 565
Outlook extension, 705

Place of government in a national land program, 45
Policy, a long range view of, 13
Policy problems in farm credit program, 45
Possibilities and limitations of subsistence homesteads, 530
Price fluctuations and futures trading, 481
Prices of farm products, 143
Problems in studying local prices of farm products, 143
Processing tax on hogs, 417
Program of agricultural adjustment, 88
Program of annual meeting, 180
Program of the farm credit administration, 30
Program planning division of the Agricultural Adjustment Administration, 582
Prorate act, California, 624
Public finance research in submarginal areas of New England, 130
Public finance, research related to land zoning, 119

Regional planning, 315
Relating research in agricultural economics to other fields, 189
Relationship between agricultural adjustment and extension work, 689
Relationship between farmers' return from an enterprise and changes in the size of the enterprise, 526
Reorienting research in agricultural economics, 200
Report of committee on land appraisal, 291
Report of sub-committee on appraisals, 515
Reports, annual meeting, 173
Research in agricultural economics, 189, 200
Research in farm taxation, 115
Research in public finance related to land zoning, 119
Research in physical organization of marketing, 255
Research in subsistence homesteads, 310
Research relating to policies for submarginal areas, 298
Rural life and culture, 265
Russia, reconstruction and growth of agri cultural production, 539
Russia's grain exports and their future, 662

Sample, determining size of for cotton reports, 329
Seasonal variation of monthly farm income estimates, 525
Significance of South African agricultural development, 258
Size of farm and the business cycle, 712
Social discipline and the farmer, 1
Social science fellowships in agricultural economics and rural sociology, 496
Sociological implications of the agricul tural adjustment program, 504
Some needed developments in scope and timing of agricultural statistics, 471
South African agricultural development, 258
Standards of practice for rural appraisers, 515
Statistical analysis of farm accounts, A, 613
Submarginal areas, public finance research in, 130

Subsistence homestead program, 310
Subsistence homesteads in national economy, 73
Subsistence homesteads, possibilities and limitations, 530

Tariff effectiveness, verification of, 591
Technical reconstruction and growth of agricultural production of the U.S.S.R., 539
Tenancy, factors related to, in North Carolina, 714
Theses, Masters', in agricultural economics, 1932-33, 184
Tobacco, estimates of consumption of burley, 716
Trade, Ottawa agreements, 565
Trading in futures and price fluctuations, 481

Undergraduate preparation for a graduate major in agricultural economics, 336

Variance analysis of variability in paired and replicate series of staple-length observations on cotton samples, 529
Verification of tariff effectiveness by different statistical methods, 591

Weighted crop index, 333
Wheat, grades purchased from elevators, 136
